

BALTIMORE CANVAS

Quality Awning and Canopy Solutions Since 1917

We are a leading manufacturer of custom awnings and canopies. We engineer, fabricate, design and install a variety of commercial shade structures across Maryland, Delaware, Pennsylvania, Virginia and Washington D.C.

Franchise Canopies

Serving national and regional franchises. Every day we meet the demand for custom made fabrics, critical time constraints, and quality products.

Shed Style Awnings

Cutting edge in both style and color. Made with fire retardant acrylic fabric, utilizing custom decorative ends. Multiple colors provide a quaint, main street feel.

Baltimore Canvas knows commercial awnings, that's why we've been in business for over 120 years partnering with business owners, contractors, developers, property managers and architects. We are committed to fabricating quality awnings that are long-lasting, functional and aesthetically appealing.

Our design process offers a wide assortment of colors, styles and textures from which to choose. With your input and our computer generated renderings we provide a detailed plan from which your custom solution can be made.

Illuminated Convex Canopy

Commercial and retail property managers appreciate our ability to design, fabricate and install canopies to provide signage for tenants and sophisticated owners.

Aluminum Frame Awnings

Engineered to exceed local code requirements. The joints are completely welded and the rafters are fully trussed. We use multiple profiles to satisfy both engineering and aesthetic needs.

Flat Metal Canopies

Available in multiple colors and sizes with built in gutters and overhead support. We custom fabricate to meet any requirement.

Walkaway Canopy

Custom designed and built as a temporary canopy and curtains for Johns Hopkins Hospital. Although "temporary" the canopy has withstood years of Baltimore snow storms.

Store Front Canopies

Uniquely designed with aluminum powder coated frames and woven Sunbrella acrylic fabric. These casual yet elegant canopies provide the final touch for any retail center.

Curving Arch Canopies

Flank both ends of the Harford Memorial Hospital. The awnings are 14 feet wide and total more than 100 feet in length.

OUTDOOR DINING SOLUTIONS

Offer Year-Round Outdoor Seating to Your Guests and Increase Your Restaurant Revenue. Transform your patio, sidewalk, rooftop, garden or parking lot into a luxurious space, your guests will love, with our retractable pergola/patio enclosures.

A pergola/patio cover creates an atmosphere of relaxation, and pure enjoyment for customers.

Transform your patio with retractable screens on the sides and a retractable pergola roof over top.

Retractable, Motorized Pergola Roof and Side Screens for Your Restaurant Patio

With the push of a button you have complete control over incoming light and ventilation. The roof and/or sides easily open and close.

Create an enclosed space! We can add motorized retractable screens to the sides of your existing structure.

Standing Seam Metal Canopies

The project consisted of over 50 awnings for two buildings. Both fabric and metal were used with multiple complimentary colors.

Property Managers' Problem Solved

We designed a permanent metal canopy that wouldn't be damaged by smokers and would compliment existing wood.
